DOUGLAS SYSTEM MEETING LAST SATURDAY NIGHT

Not a large, but an inquiring and thoughtful audience braved the elements to listen to Mr. Palmer and a number of exponents of the Douglas System discuss the social credit plan as advocated by Major Douglas of Scotland, for the first means of equality for the masses.

Mr. Palmer introduced the various speakers, fulfilling the duties of chairman in a very efficient manner. Each speaker presented his special argument in a clear and unimpassioned manner.

Those in addition to Mr. Palmer were Messrs. Nimmo, MacLean, Wilton and Kennedy.

Mr. Palmer stated that so far there has been about 25 experts, controlling the finances of the world, the people are forcefully realizing that these experts know little about the problems concerning the masses.

Mr. Nimmo compared the present system to the old stage coach, in which many were pulling at the rope but few riding, the old coach is travelling over a rugged road, passengers weary.

The Douglas System guaranteed the producer a market in keeping with the people's power to consume.

Mr. Fred Hirtle favored the audience with a song accompanying himself on the guitar.

Mr. MacLean's phase of the system was an explanation of the basic dividend. He said, we have an outturn financial system which is preventing the vast majority of the masses from receiving the necessities of life.

In the last one hundred years, electric power and machinery have not solved the problem of distributing the abundance of production.

Wars, issuance of large amounts of money, capital expenditure, public works programs, had in time relieved, but there is no clear outlook of paying the huge national debt.

Machinery and inventions of the present are based on the genius and heritage of the past.

Major Douglas' last price, controls the cost of goods produced, will abolish want and will do away with personal antagonism.

LETTER TO THE EDITOR

Calgary, 622 S. 12 St. N.W.
The Editor, Standard:
It would be much appreciated if you could give space to this announcement to your readers that the Calgary C. C. F. Educational Committee is prepared to send speakers to give assistance in organizing branches of the Economic Reconstruction Association.

The purpose of the E. R. A. is to provide an avenue by which provincial and business people and others not associated with the Farmer and Labor movements in this Province may become members of the C. C. F. through this third unit in the Federation. When organized in sufficient strength the E. R. A. will be given representation on the Provincial Council, and in the meantime local units are eligible to become affiliated at once with the C. C. F. through the Provincial Council, on meeting certain simple requirements.

If anyone in your town is sufficiently interested to arrange a meeting, and if assistance in organizing is desired, our committee will be glad to send a representative.

Yours sincerely,
AMELIA TURNER, Secretary

Mrs Highbrow—A man is simply helpless without a wife.

Mrs Nag—Why?

Mrs Highbrow—Well, whenever John wants to darn his stockings or mend his clothes, I notice I have to thread his needle for him.

Mother, called Tommie from the bathroom, do my ears belong to my face or my neck?

Why do you ask that? queried his mother.

Well, you said to wash my neck, and I just wanted to know where to stop, answered the lad.

Editor—Why don't you make your stories true to life?

Author—I do try to. What's the matter?

Editor—Why, here you say: There was an alarm, and in a flash the street was swarming with policemen.

Old Timer—Got a match, Sandy?

(Sandy gives him a match)

Old Timer—And I've forgotten my tobacco.

Sandy—Are ye sure ye has us to barco or pipe.

Old Timer—Yes.

Sandy—Then gie me back me match.

'WOMAN'

O woman is a sparkling wine

To cheer the fainting lover.

A gift of life supreme, divine,

A marvel to discover.

A haven to the storm tossed soul,

The rock that dooms a sailor,

An anchorage where breakers roll

Echantress, queen and jailer.

As soft as down, yet hard as flint.

A source of pain and pleasure.

A cause for fullest respect.

And gain in life's measure.

A gentle rain on thirsty land.

White blossom in profusion.

A mirage in the desert's sand,

A mocking, cruel illusion.

To lonely men a guiding light.

When dark, rough roads seem longest.

Her love can steel the weakest knight

Her charm allure the strongest.

Then woman is a mystery

Destined throughout the ages

To live in art and history

And puzzle fools and sages.

The Finest Ford Car
Ever Built

NEW FORD V-8 for 1934

Ford engineering and manufacturing methods made the V-8 type engine available in a low cost car. The Ford is the only car under \$3700 with a V-type engine. But Ford didn't stop there. For 1934 the engine has been materially improved. It is now the most economical car to operate ever built by the Ford Motor Company.

More miles per gallon, quicker starting in cold weather, greater power, more speed and smoother performance are obtained with the new Dual Carburetor and Dual Manifold. A new built-in ventilation system gives desired fresh air without drafts and does not obstruct the vision.

TIN LIZZIE OF THE AIR TO SELL
AT \$700 CAN FOLD ITS WINGS—
AND TAXI HOME

Seattle, Wash.—Airplanes which
may be taxed from the neighbor-
hood landing field to one's own gar-
age and which cost not more than
\$700 are not nearly so remote as they
sound.

Their feasibility has been thor-
oughly tested by Prof. J. W. Miller of
the Department.
A plane had been developed by
Professor Miller with an over all
length of 21 feet and with folding
wings so that it can be taxied, with

its propeller idle, on an ordinary
road and kept in a garage 26 feet
long. The operating cost of this plane
is said to be only two cents a mile. It
takes two people.

Landing fields could be erected
along the highway according to the
plan of Professor Miller, or in strate-
gic locations in city or could be home
community fields. From these fields,
the private flyer would simply fold
his wings, and taxi home on his own
power.

HOME AGAIN

Back home again after an absence
of eight months, the Royal Scot, Brit-
ish flyer that has carried a story of
courage from one side of this contin-
ent to the other, reached London re-
cently aboard Canadian Pacific
freighter, Boreas. The crack Brit-
ish train has travelled 6,000 miles by
sea and about 1,000 miles by land,
since last April.

GOLF IN VICTORIA

Victoria, city of all year summer,
will again be this winter the scene of
the annual Empress Hotel mid winter
golf tournament over the Royal Col-
wood Golf Club course from February
10 to February 24. The E. W. Healy
Challenge Trophy will be the outstand-
ing competition which attracts many
golfers from widely separated centres
